

T-Gro Easy-Flow

Made in South Africa

Biostimulant for a more effective rootsystem

Key benefits

- Root growth enhancement for improved plant health and nutrient uptake
- Improved plant emergence and plant growth
- Improved tolerance to abiotic stress
- Acts as a lubricant for mechanical planters
- Improved seed flow

Easy to use in IPM

Safe for producer, consumer and the environment

No residues, no WHP and min. REI

Product Facts

Active ingredient
Trichoderma asperellum strain kd

Formulation
Graphite and talc based dry powder formulation

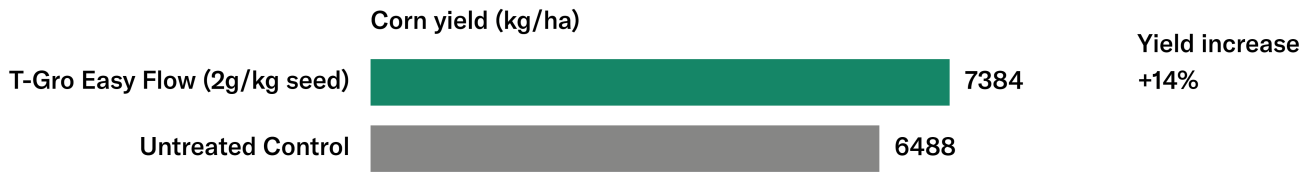
Concentration
> 2×10^9 CFU/g

Standard rate
1 – 40 g/kg seed (depending on seed size)

Crops
Row crops sown with mechanical planters: soybean, wheat, barley, rye, sugar beet, corn, buckwheat, sunflower, rice, and others

Andermatt

Efficient yield increase in corn with T-Gro Easy Flow



Trial conducted by CUME S.R.L., Argentina, 2017

- T-Gro Easy Flow applied at 2g/kg seed

Andermatt Group is a global leader in biological solutions

- Strict quality control for consistent high quality
- Innovative in-house R&D to support growing portfolio
- Long-standing field support in different markets since 1988

Healthy Food and Healthy Environment, for all
