

# **T-Gro Easy-Flow**

## Made in South Africa Biostimulant for a more effective rootsystem

Key benefits

- Root growth enhancement for improved plant health and nutrient uptake
- Improved plant emergence and plant growth
- Improved tolerance to abiotic stress
- Acts as a lubricant for mechanical planters
- Improved seed flow

Safe for producer, consumer and the environment

No residues, no WHP and min. REI

## Product Facts

**Active ingredient** Trichoderma asperellum strain kd

#### **Formulation**

Graphite and talc based dry powder formulation

### Concentration

 $> 2 \times 10^{9}$  CFU/a

#### Standard rate

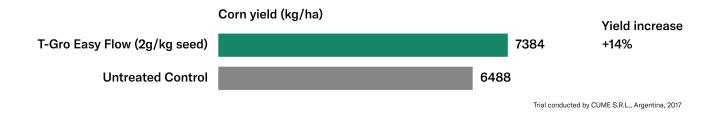

1 - 40 g/kg seed (depending on seed size)

#### Crops

Row crops sown with mechanical planters: soybean, wheat, barley, rye, sugar beet, corn, buckwheat, sunflower, rice, and others

#### Efficient yield increase in corn with T-Gro Easy Flow

• T-Gro Easy Flow applied at 2g/kg seed

#### Andermatt Group is a global leader in biological solutions

- Strict quality control for consistent high quality
- Innovative in-house R&D to support growing portfolio
- Long-standing field support in different markets since 1988

## Healthy Food and Healthy Environment, for all
