

T-Gro Easy-Flow

Biostimulant for a more effective rootsystem

Key benefits

- Root growth enhancement for improved plant health and nutrient uptake
- Improved plant emergence and plant growth
- Improved tolerance to abiotic stress
- Acts as a lubricant for mechanical planters
- Improved seed flow

Easy to use
in IPM

Safe for producer,
consumer and
the environment

No residues, no
WHP and min. REI

Product Facts

Active ingredient

Trichoderma asperellum strain kd

Formulation

Graphite and talc based dry powder
formulation

Concentration

$> 2 \times 10^9$ spores/g

Standard rate

1 – 40 g/kg seed (depending on seed
size)

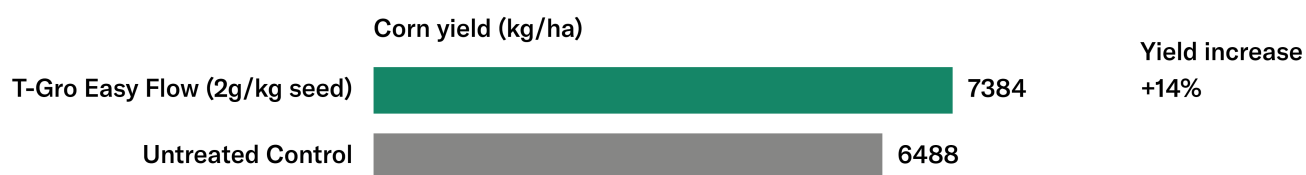

Crops

Row crops sown with mechanical
planters: soybean, wheat, barley, rye,
sugar beet, corn, buckwheat,
sunflower, rice, and others

Adermatt

Efficient yield increase in corn with T-Gro Easy Flow

Trial conducted by CUME S.R.L., Argentina, 2017

- T-Gro Easy Flow applied at 2g/kg seed

Andermatt Group is a global leader in biological solutions

- Strict quality control for consistent high quality
- Innovative in-house R&D to support growing portfolio
- Long-standing field support in different markets since 1988

*Healthy Food and Healthy
Environment, for all*
